DeKalb County, GA 457(b) Deferred Compensation Plan

Memorandum of Understanding

The purpose of the Memorandum of Understanding is to make you aware of some of the highlights, restrictions and costs of your Plan. It is not intended to cover all the details of the Plan and should not be relied upon in making decisions about Plan benefits. You should refer to the Plan Document for specific details about the Plan's provisions and the prospectuses and other documentation for the Plan's underlying investment options.

- 1. The total annual contribution amount to all 457(b) plans is the lesser of the maximum annual 457(b) contribution limit or 100% of the participant's includible compensation. This amount may be adjusted annually. More information on the maximum contribution limits can be found at irs.gov. Under certain circumstances, additional amounts above the limit may be contributed to the Plan if (1) the participant attains age 50 or older during the current calendar year or (2) the participant is within three years of the Plan's Normal Retirement Age and did not contribute the maximum amount to the 457(b) Plan in prior years. The Plan Document provides additional details about contribution limits. Contributions in excess of maximum amounts are not permitted and will be reported as taxable income when refunded. It is the participant's responsibility to ensure contributions to all 457(b) plans in which the participant participates, regardless of employer, do not exceed the annual limit.
- 2. Enrollment or contribution changes cannot be effective prior to the first day of the month in the month following receipt of the participant's request. The employer's processing schedule will determine the actual effective date of the contribution. It is the Plan Sponsor's/Pay Center's responsibility to ensure deferrals do not commence too early.
- 3. Roth contributions are made on an after-tax basis, which means they will not be subject to income taxes when distributed at a later time. As opposed to the withdrawal of earnings on pre-tax contributions, though, the earnings on designated Roth contributions are generally not subject to future taxes as long as the distribution from the Roth account satisfies the requirements to be a "qualified distribution." In order to be a qualified distribution, the distribution must be made five or more years after January 1 of the first year the participant made Roth contributions to the Plan and must be made on or after the attainment of age 59½, the participant's death, or the participant's disability. If the participant previously established another designated Roth account in another plan and is able to roll the funds from this Plan to the other plan, the five-year period would begin to run from January 1 of the year of the first contribution to a designated Roth account. A non-qualified Roth distribution may result in an additional 10% early withdrawal tax on the portion of the distribution includible in gross income if made from rollovers to this Plan from a qualified plan or a 403(b) plan, and no statutory exceptions apply. Please note that once made, contributions and/or rollovers to a Roth account may not be reversed. In the event the participant desires to make contribution changes, only future contributions and/or rollovers can be redirected (contributed as pre-tax funds).
- 4. The Plan Document governs when distributions may be made from the Plan. In general, distributions may be made from a 457(b) plan only upon separation from service, upon the calendar year in which I attain age 70 ½, or upon the death of the participant. Section 457(b) plans can also permit withdrawals from the Plan (even if the participant is still employed) in cases of an unforeseeable emergency approved by the Plan; when taking a loan, or for a one-time in-service withdrawal if the participant's account value is \$5,000 or less and the participant has not contributed to the Plan for two or more years. All withdrawals of funds must be in compliance with the Internal Revenue Code (the "Code") and any applicable regulations as well as the Plan Document, which the participant should consult to confirm which distribution opportunities are available.
- 5. Contributions, in the form of salary reductions, will be made until I notify NRS or my Plan Sponsor otherwise. Once notification is received, salary reductions will be changed as soon as administratively feasible. NRS will invest contributions received from the Plan Sponsor as soon as administratively feasible.
- 6. Participation in any of the employer's plans is governed by the terms and conditions of the Plan Document which should be consulted for plan details. Fund prospectuses are available upon request at martadcp.com or by calling 877-NRS-FORU (877-677-3678).
- 7. Generally, distributions from the Plans must begin no later than the 1st of April following the later of the year the participant reaches age 70½ or separates from service. The Plan Document should be consulted for further details. Generally, all pre-tax distributions are taxable as ordinary income and are subject to income tax in the year received. Plan distributions must be made in a manner that satisfies the minimum distribution requirements of Code section 401(a)(9), which currently requires benefits to be paid at least annually over a period not to extend beyond the participant's life expectancy. Failure to meet minimum distribution requirements may result in the participant being subject to a 50% federal tax.
- 8. Any beneficiary designation I made on this form will supersede any prior beneficiary designation and shall become effective on the date accepted by the Plan, provided that this designation is accepted by the Plan prior to my death. Further, any benefits payable at my death shall be paid in substantially equal shares to my beneficiaries unless I specify otherwise. My death benefits will be paid first to my Primary Beneficiaries. If any of my Primary Beneficiaries predecease me, then my death benefits will be paid to the remaining Primary Beneficiaries. Contingent Beneficiaries will only receive benefits if no Primary Beneficiary survives me. If no beneficiary designation is on file, benefits will be paid as set forth in the Plan Document. If I participate in both a 457(b) plan and a 401(a) plan administered by NRS, I understand my beneficiary designations made on this form will apply to both plans unless I have indicated otherwise.
- 9. Disclaimer for Community and Marital Property States: If the participant resides in a community or marital property state, the participant's spouse may have a property interest in the participant's Plan account and the right to dispose of the interest by will. Therefore, NRS disclaims any warranty as to the effectiveness of the participant's beneficiary designation or as to the ownership of the account after the death of the participant's spouse. For additional information, please consult your legal advisor to learn more about how your beneficiary designation may be affected by community or marital property state law.
- 10. Participants must notify NRS of any address changes, beneficiary changes, contribution changes, allocation changes or errors on the participant's account statement.
- 11. Participants will receive a statement of their account quarterly.
- 12. All Plan transactions initiated using the telephone will be recorded for the participant's protection.

INVESTMENT OPTIONS

- 1. Participant contributions will be invested pursuant to the participant's selection of funding options specified on the Participation Agreement.
- 2. NRS will permit participants and beneficiaries to exchange amounts among the Variable and Fixed investment options as frequently as permitted by the Plan, subject to the limits and rules set by each Fund and the Annuity Contracts. Changes may be made by calling 877-NRSFORU or by logging on to martadcp.com. Investment options may be periodically changed or restricted, and may vary by the source of the money invested.
- 3. Transfers between investment options are provided for under the Plan subject to limitations or restrictions (including redemption fees), if any, as imposed by the investment providers. Some mutual funds may also impose a short term trading fee. I understand that any information regarding limitations or restrictions as they apply to the Plan may be obtained from the Plan Administrator. Participants should read the underlying mutual fund prospectuses carefully.

MARTA Memorandum of Understanding

- 4. The Net Asset Value of a mutual fund changes on a daily basis and there is no guarantee of principal or investment return.
- 5. If the participant selects an investment option that is closed or unavailable, the money will be invested in the plan's default investment option. If allocations do not total 100%, the remaining amounts will be considered not in good order, and agree they will be allocated to the Target Date Fund closest to the year in which I turn 65, based upon the criteria contained within the MOU. If the participant elects a total investment allocation percentage greater than 100%, the deferral election will be rejected and the participant's investment option selections will not be processed.
- 6. The Plan may impose a Plan administration fee or investment management fees. Fees can vary depending on the mutual funds in which the participant invests. For more information regarding fees, please call 877-NRS-FORU (877-677-3678).

NATIONWIDE LIFE FIXED ACCOUNT

- 1. A guaranteed interest rate is declared guarterly and credited daily, which is not lower than the minimum annual rate.
- 2. Nationwide may earn a spread on assets held in the Nationwide Fixed Account, which is reflected in the crediting rate. The spread represents the difference between what Nationwide earns on investments and what it credits to the Fixed Account as interest.
- 3. Exchanges and/or transfers from the Fixed Annuity may be made up to 100% of the participant's account value. The total of all participant exchanges and/or transfers cannot exceed 12% of the total amount held in the Deposit Fund for the employer under the Fixed Account as of December 31 of the previous calendar year. Once this aggregate limit is met, no further exchanges or transfer into any participant's Fixed Account will be permitted.

Exchange: An exchange is the movement of money between the Nationwide Life Fixed Account and Variable Annuity options and/or between funds in the Variable Annuity option.

Transfer: A transfer is the movement of money between product providers within the same plan.

- 3. I understand that pursuant to the Plan Document, contributed amounts will be invested per my selection of funding options specified on the Participation Agreement or as otherwise amended.
- 4. I understand some mutual funds may impose a short term trade fee. Please read the underlying prospectuses carefully.
